

# ABOUT WHI

Wholesale Hardwood Interiors, Inc. was founded in 1985 after recognizing a need for a greater variety of mouldings, custom millwork and high-quality stair parts in the market. WHI has filled this void by stocking a wide variety of top-quality, custom-designed mouldings, popular styles of doors, stair parts and dimensioned lumber.

Now, products that were formerly available only through custom order are priced and dispatched as stock products. A special millwork department was also created to produce custom products in nearly the same time as stock products.

WHI is continuing to grow; this is reflected in the 30,000 square foot addition to our manufacturing facility, a 2,000 square foot addition to our corporate office, a 25,000 square foot expansion of our pre-hung door department and expanding the amount of our warehouses to serve the four state area.

Combine all of this with personalized service that includes: individual sales, on-site pricing, footage estimates and design consultation. It is obvious why WHI has enjoyed healthy, continuous growth since its establishment.

We accept the responsibility to create added value for those who entrust us with their business or home. We make every effort to effectively meet our customers' ever-changing needs.

Wholesale Hardwood Interiors strives to exceed your expectations in quality, service and integrity.

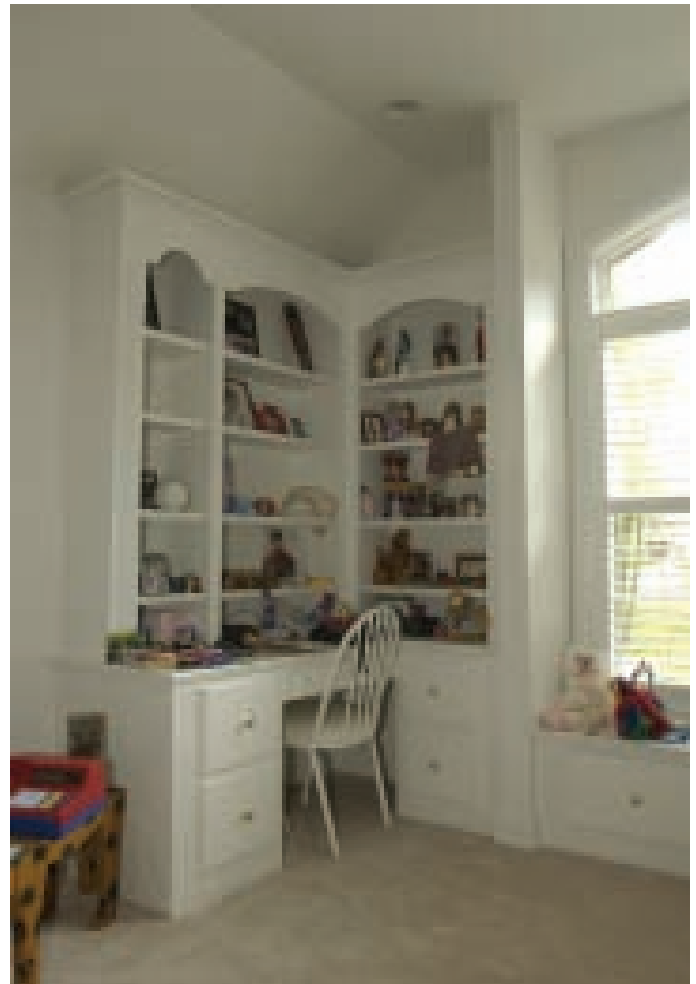

## DISTRIBUTION / WHI LOCATIONS

Campbellsville, KY is home to Wholesale Hardwood Interior's corporate and operations office as well as our main warehousing and manufacturing facilities. Currently our satellite warehouses are in a four state area, including Kentucky, Tennessee, Ohio and Indiana. We have Account Executives in each of these locations to serve you.

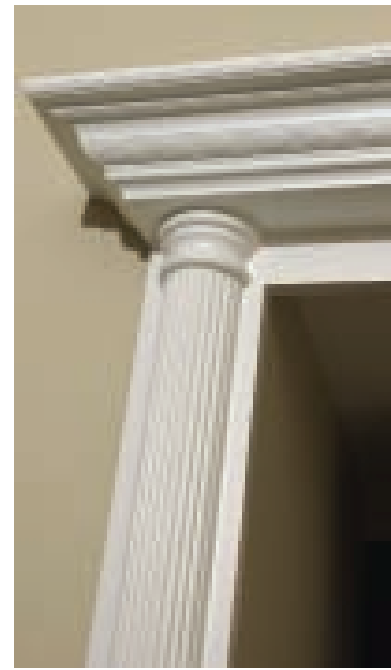

# CUSTOM MILLWORK

Wholesale Hardwood Interiors, Inc. has a Custom Millwork Department that specializes in hardwood products such as arches, jambs and casings, fireplace mantels, custom cabinetry and many other special projects.

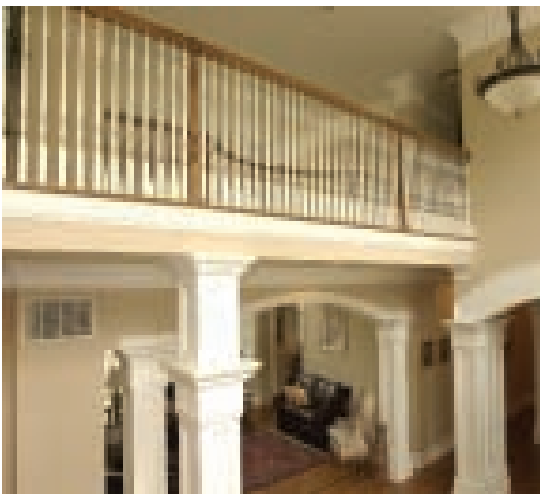

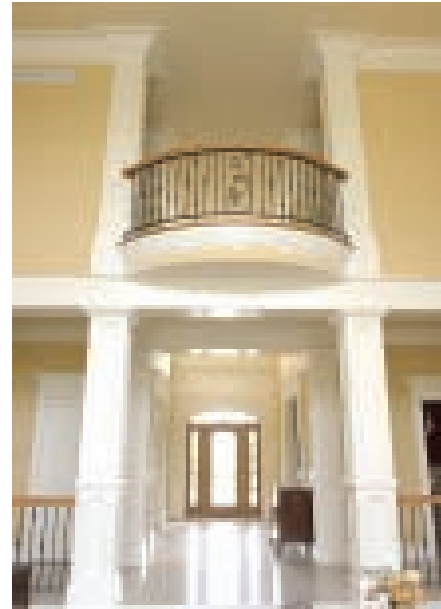

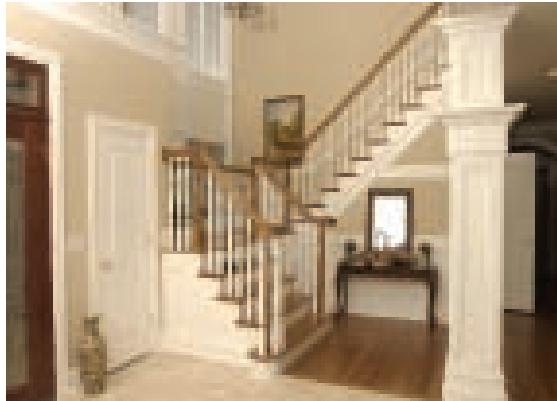

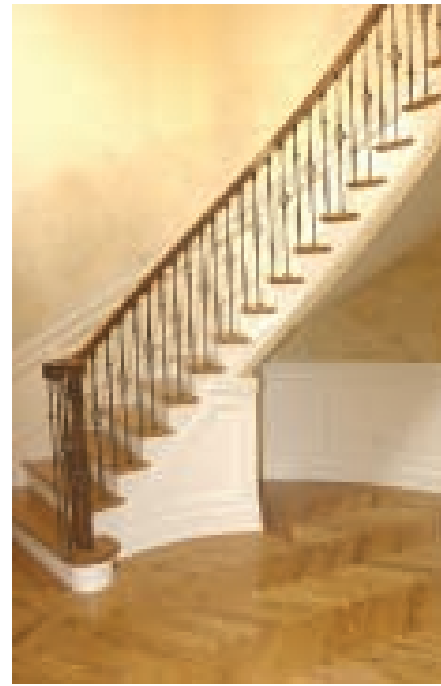

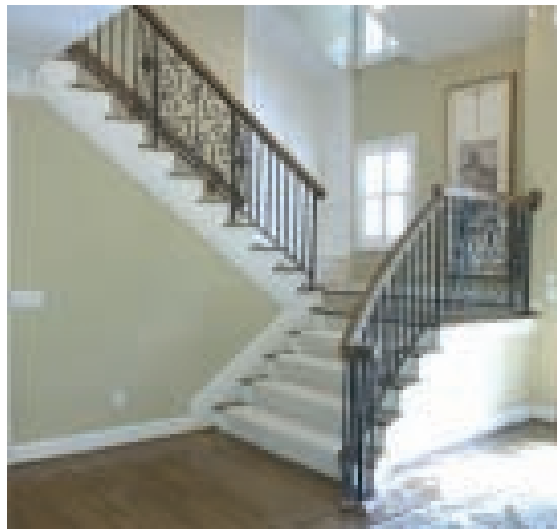

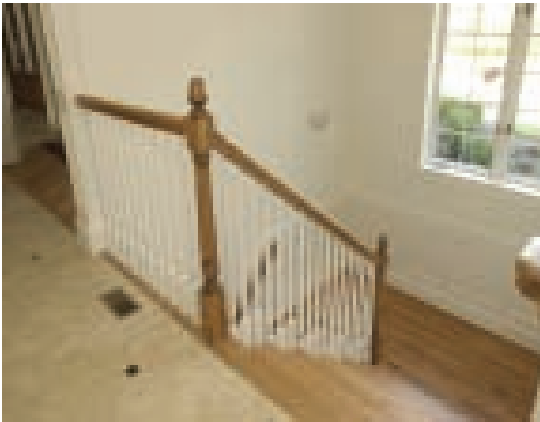

# MOULDINGS

Wholesale Hardwood Interiors, Inc. has a wide variety of mouldings available, including: accessory blocks, casings, bases, crowns, dentil crowns, dentils, chair rail, window stools, window stops, cabinet parts, mulls, panel and bed molds, trim mouldings, bar rails, mantel mouldings, tongue and groove, S4S lumber, ultra-light fiberboard and ornamental mouldings.

# STAIR PARTS

Wholesale Hardwood Interiors, Inc. provides various stair parts, such as: newels, wooden balusters, iron balusters, handrails, handrail fittings, risers, treads, starting steps, folding attic stairs, stair accessories and stair hardware.

# DOORS

Wholesale Hardwood Interiors, Inc. offers a wide variety of solid wood, molded, flush and french doors. We make our wood interior doors to increase the design appeal of any room. Our custom doors can be manufactured using a variety of hardwood species.
