VERSATEX[®] *Mouldings*

VERSATEX moulding line features 17 popular profiles and are extruded, not cut, and color matched to other VERSATEX products.

These profiles are a fantastic compliment to any VERSATEX project and like all VERSATEX products require minimal maintenance and are impervious to moisture. VERSATEX product lines include, trimboard, sheet, cornerboards, beadboard, and our patent-pending Stealth Trim System.

Call Wholesale Hardwood Interiors, Inc. to find out more about VERSATEX Moulding profiles.
