

VERSATEX®

TRIM BOARD

TRIM SMARTER.

VERSATEX is created from cellular PVC, it is moisture and insect resistant, yet features the look of a premium lumber and woodworking characteristics a fine builder/craftsman desires. The result is a product limited only by the builder's imagination. VERSATEX is an ideal product for highly moisture sensitive areas including those along coastal zones or regions affected by salt and high humidity. Most of the problems associated with wood trims are eliminated with VERSATEX. No more warping, cupping or splitting, just a trimboard with high aesthetic value for years to come. All VERSATEX products are manufactured with the highest level of quality and feature a fully transferable 30-year limited warranty.

Find VERSATEX at your local dealer.
